Who is this for?	This is for individual children who can't attend school because they have Covid, but don't have symptoms so can continue to access learning at home during isolation.	This is for whole classes who have been moved to remote learning for 10 school days because there has been a significant outbreak which continues to spread.	It is not expected that there will be a need to close the whole school as a result of Covid. However, should this be necessary, then this home learning will be provided.
How will the learning be structured?	<p>As the teacher will still be teaching the rest of the class in school, and as we have ensured that all children have a digital device to access live lessons, the teacher will provide:</p> <ul style="list-style-type: none"> ● Access to online resources, which have been created or collated by the Class Teacher, which will match, as closely as possible, the learning taking place in class ● Supporting paper activities will be emailed to parents so that they can complete the follow-up practice activities at home 	<p>As the whole class will be working from home, the teacher will teach a special unit of work designed for a two week bubble closure.</p> <p>It will include daily Reading, Writing and Maths teaching:</p> <ul style="list-style-type: none"> ● Live class meeting (via Google Hangout) ● Video tutorials made by the teacher or links to websites with a video ● Individual paper activities – uploaded into daily Google Drive folder, which is accessible via Class Dojo 	<p>As the whole year group will be absent from school for 10 days, year group teachers will work in teams to support home learning. It will include at least 4 hours a day of learning, including: Reading/ phonics, Writing and Maths lessons, Explore/Discover/Create activities and other foundation subjects:</p> <ul style="list-style-type: none"> ● Live class meeting (via Google Hangout) ● Video tutorials made by the teacher or links to websites with a video ● Individual paper activities – uploaded into daily Google Drive folder, which is accessible via Class Dojo ● Whole school challenges
How will my child access the work?	<p>Work will be uploaded into a Google Drive folder and the link will be sent to parents via Class Dojo</p> <p>This will be made available to parents once it has been established that your child is well enough to complete</p>	<p>The class teacher will upload an outline of the weekly plan so that you are aware of the expectations for the week.</p> <p>This document will contain</p> <ul style="list-style-type: none"> ● On overview of the work for 	<p>The class teacher will upload an outline of the weekly plan so that you are aware of the expectations for the week.</p> <p>This document will contain</p> <ul style="list-style-type: none"> ● On overview of the work for
