Total number of pupils on roll		289		
Total Grant Amount		£18,560		
PE & School Sport Coordinator		Rob Jinkerson		
Governor responsible for PE & School Sport		Teaching and Learning Committee		
Summary of Primary Sport Premium 2025 – 2026				
Objectives of spend; • Improve the provision and quality of PE & School Sport at Rodings Primary School. • Improve activity levels across the school, especially those who are not regularly involved in sport. • To provide external sporting opportunities for as many children as possible whilst maintaining an element of competitiveness. • To improve children's physical literacy. • Provide specialist coaching and instruction for children to provide high-quality experiences.				
Outline of Primary Sport Premium spending 2025 - 2026				
Item/project	Cost	Objectives	Outcome	Evidence or Sustainability
Swimming instruction	£5200	To subsidise transport/coaching to Ongar pool so that all children are able to swim more than the required distance stated in the National curriculum.	Every child leaves Rodings Primary being able to swim 25m or more. Every child has water safety and rescue skills. Children who are already proficient swimmers have the opportunity to further develop their skills.	School staff work alongside swimming coaches in determining if the standard has been met. Children who did not meet the standard in their first block of swimming in year 5 were provided with additional swimming instruction in year 6.
Improving school-wide activity levels: lesson time activity through use of cross-curricular orienteering	£2532	Include greater opportunity for active learning through use of Cross-Curricular orienteering's lesson portal which allows for lessons including English and Maths to have an active element.	All children have engaged in this resource. Upper key stage 2 used this on a regular basis and year 6 also used it to help with their SATs revision, maintaining the standard of work but in an	Feedback from children is positive- they enjoy using the resource. Children are enthusiastic in their learning when using it.

			active way that also benefitted wellbeing. KS1 fathers day event was activity based using the resources and course, promoting activity levels to families.	Provides upwards of 15mins activity each lesson it's used for. Funding was added to money raised from parent donations which funded course installation (permanent feature). Portal is regularly updated by Cross-Curricular orienteering
Coach travel to sporting fixtures- especially those further afield	£4143	Allow groups of children to represent the school and take part in wider sporting activity including team games, swimming and athletics.	70% of Key Stage 2 children attended a wider extra-curricular sports event. KS1 children went out to events, including SEND events for the first time in a number of years.	Embedded culture in school- Rodings attends events. Looking to phase out coach travel and asking parents to do more lift sharing. Finance committee to monitor spending on transports.
High quality cross-curricular dance provision lead by specialists.	£800	Inspire children to take part in dance including providing opportunity for reluctant boys.	All children in school took part in World Book Day themed activities.	All teachers reported how successful the days were. Children were fully involved. Dance teacher reported how well children involved themselves and worked as a team.
Specialist BMX coaching	£800	Provide opportunity to build confidence and resilience in year 6 as well as promoting a sport that wouldn't usually be provided in the PE curriculum.	All year 6 children took part. A number took part in the skills showcase in front of the whole school including children who wouldn't ordinarily put themselves in that position.	Reports from BMX coach and teachers. Seen by whole school.

		Give children the opportunity to showcase skills in front of their peers, aiding their physical literacy.		
Refreshing and adding to sports equipment to enhance clubs and squads provisions.	£1475	Hockey sticks fully replaced as current set were not appropriate for taking to tournaments. Team kits purchased for participation in more sports events.	Squads benefitted from new equipment, children able to play with stick that is the correct size for them. High-visibility balls included to cater for sight impaired players.	
Improving play and lunch time provision.	£970	Equipment purchased specifically for lunch and break times to promote physical activity and team skills in free play times including basketball hoops and loose sports equipment.	Children more actively engaged outside with sports activities.	
Playground markings refreshed	£1290	Existing netball lines re-laid so allow netball clubs to run. Basketball lines laid at the same time.	Netball provision enhanced, allowing greater practice time before competitions.	Sustainability- quality company used. Local netball club uses facilities at weekends; community link.
Working with the sports partnership	£1350	Continued subscription to the Uttlesford Sports partnership including paying for SSCO time for running events and supporting children in school.	70% of Key Stage 2 children attended a wider extra-curricular sports event run by the partnership. KS1 children went out to events, including SEND events for the first time in a number of years.
