FROM MR RARATY

Parent Governor Vacancy

Rodings is incredibly lucky to be supported by a governing board that questions, challenges and encourages the school to be the best it can be. A vacancy has become available for a parent governor to join the Rodings board.

Governors serve for four years, attending board and committee meetings, reading and approving policies, support self evaluation and receive an invite to Christmas lunch.

The role of a parent governor is not to speak on behalf of parents but is to make sure that there is a diverse group of people on the Governing Board.

If you are interested in being part of the Governing Board please register your interest with me at mr.raraty@rodingsprimary.co.uk by Friday 23rd October. If more than one person is interested in the vacancy, an election will take place after half term.

The role is a lot more involved than can be explained in this newsletter so please do not hesitate to get in contact if you would like further information.

Harvest Collection

Although we are unable to hold our normal Harvest celebration we would still like to go ahead with our food collection for charity. This year we will be supporting the Uttlesford Foodbank. Uttlesford Foodbank accept all food stuffs e.g. tinned food, pasta, cereal but they are currently low in stock of the following items: long-life juice and fruit squash, custard, stuffing for making meals go further, tinned fruit, table sauces (ketchup/mayonnaise), chocolate bars, washing powder, coffee and instant mash. However all donations will be gratefully received. As we are collecting over a two week period please do not send any fresh goods in and make sure that items have a good shelf life. Please send any donation into school with your child. We will quarantine items before passing them on to the foodbank. Final day for donations will be 21st October. Thank you so much in advance.

Have a lovely weekend!

MESSAGE FROM OUR HOUSE CAPTAINS

Our House Captains have been busy this week getting into their new roles. They have collected their first set of house points (in a COVID secure way, of course) and their first message will be ready for next week.

Well done to Tilty, who have topped the weekly score board for a second week.

GUEST EDITORIAL

FROM THE CLASSROOM OF KINGFISHERS

In Kingfishers we are having so much fun! The children are making incredible progress in many different areas, especially Maths, reading and writing! Over the past few weeks we have been working on adjectives and verbs and the children are coming up with brilliant ideas!

Our topic this term has been focusing on the countries of the UK, the children have loved learning lots about the countries and using an Atlas for the first time to locate them!

We are very proud of the children's progress and can not wait to see them improve even more throughout the year.

Thank you!

Miss Parker and Mrs Woodward

THE COOKING POT

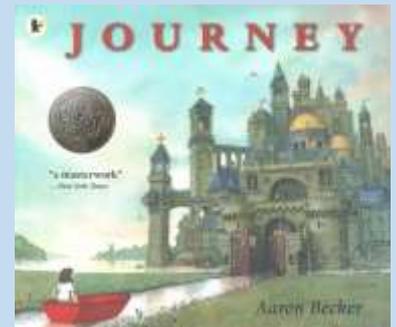

BOOK RECOMMENDATION

RECOMMENDED BY MRS OAKLEY

The Journey by Aaron Becker

In this exciting picture book, a lonely girl draws a magic door on her bedroom wall and through it escapes into a world where adventure awaits. With a red marker, she creates a boat, a balloon and a flying carpet that carry her on an amazing and sometimes dangerous journey.

I love this book because there is so much to explore on every page in the really detailed illustrations. It is suitable for all ages and it is also part of a trilogy so if you enjoy it, you can continue the adventure with the second and third books.

HOME LEARNING RESOURCE OF THE WEEK

RECOMMENDED BY MR RABATY

esafetytraining.org

Better known as 'The 2 Johns', we are used to our e-safety friends delivering workshops in school. However, they have recently revamped their website to include more resources for children and parents and carers.

In the constantly changing world of technology this is a site to have stored in your favourites.
