12TH FEBRUARY 2021- EDITION 20

FROM MR RARATY

Congratulations everyone, you have made it to half term! We are bombarded by phrases and analogies to keep us going through difficult times but there is one that I think speaks loudly when we are doubting ourselves and that is 'You are enough'. The pressures have been immense but you have provided for your children and done an incredible job of juggling all of the plates. Because of your efforts your children will be in a great position when we return to school. If I should receive any information about the possible return to school, I will let you know. It is now time to rest and recoup (where possible) and enjoy some time with your family. Take care and stay safe!

Photographic Competition

I have launched a photographic competition to celebrate the wonderful world we have around us. The theme is 'Life is Beautiful'. The photograph can be taken on a standard camera or on a phone. Please send images to mr.raraty@rodingsprimary.co.uk. This is open to children and parents with a prize for both. The picture can be of anything as long as it fits the theme. So get snapping! Entries are to be submitted by Friday 26th February.

Reporting of Positive COVID Tests over Half Term

It looks like we may have turned the corner and we are past the peak of the pandemic. However, the virus is still out there and we need to be very careful. Positive cases will still need to be reported to the school over half term so please email on mr.raraty@rodingsprimary.co.uk. Please title any email with 'Positive Test Result'. I will check emails between 11am and 12pm everyday.

School Email Addresses

We have been made aware that the divert service that was put in place when we changed school email addresses has now been removed. Any email address ending in essex.sch.uk will no longer be delivered. If you have sent an email recently and haven't received a response please resend to office@rodingsprimary.co.uk or mr.raraty@rodingsprimary.co.uk. Apologies for any inconvenience.
