## FROM MR RARATY

I can't believe that we are at the end of the first half term of the year already! A smooth and successful start to the year has been more challenging in the last few days, however, I would like to thank you for your understanding and cooperation once again. Whether that be unexpected requests to take your child for a PCR test or the last minute alteration to move Learning Consultations online.

I know that many of you were disappointed not to be able to come into school. We, too, were looking forward to meeting you face to face and discussing your child's achievements so far. In the end, it was more important to protect the children and staff in school and slow the spread of the virus. Thank you for your understanding and we will meet face to face again soon.

At this time of year we always issue our annual parent survey. Your views are really important to us as we want to make Rodings the best school we can. Your feedback from previous surveys have led to the introduction of the Learning Conference mid year report, the introduction of drop in sessions and changes to the feedback policy as well as many other things. It really is worth the time filling in the survey as we do listen and respond.

As well as general questions about school we are very interested to hear how we can improve communication with you. Particularly which sources of information you find the most useful and easy to access.

Thank you to those parents that have already completed the survey through the Class Dojo link. We had 166 responses last time and I would love to beat that number this time around.

Finally, I just want to say have a lovely half term break and I hope you get the chance to spend some quality time with your families; to refresh and get ready for the next term.

All the best!
