10TH DECEMBER 2021 – EDITION 14

## FROM MR RARATY

This week our defibrillator has been installed. What a great moment following the amazing generosity of everyone who supported our charity bike ride. The summer event was a true demonstration of the Rodings community coming together to support an important and worthwhile cause. Hopefully, we will never need to use it but having the reassurance and peace of mind that is there is worth the lack of sleep and the tired legs.

We did raise enough for another two machines. If you know of an organisation or village that would benefit from a defib, please get in touch as we are still searching for homes for the remaining two. Please email your suggestion to [mr.raraty@rodingsprimary.co.uk](mailto:mr.raraty@rodingsprimary.co.uk) and we will approach appropriate venues.

Once again, thank you for your incredible generosity in supporting this cause.

### Party Clothes

On the last day of term the children are welcome to wear non uniform/party clothes. However, please make sure what they wear is appropriate for playtime and lunchtime. The children will have a little celebration in their class with games and music. We thought it would be a nice way to finish off the term.

## UPCOMING DATES

### Tues 14th Dec

KS2 Christmas Concert 6.30pm

### Weds 15th Dec
